

This intake form aims to establish consent for providing massage therapy services to clients who are minors (individuals aged 6 to 17). Our primary concern is ensuring the safety, comfort, and well-being of minor clients while complying with legal and ethical standards.

Acknowledgement *

- ☐ I understand that failing to check the box next to any of the following statements will result in the minor client not receiving massage services from Renew Massage Studio.

I agree to the following: *

- ☐ I am the parental/guardian of the minor client wanting to receive massage and I have also signed or will also sign the intake form for them.
- ☐ I understand that a parent or guardian must remain in the treatment room for clients under age 13. For clients ages 13–17, a parent or guardian may be present in the treatment room based on the preference of the minor and their parent or guardian.
- ☐ I understand that if a parent or guardian wishes to receive a massage at the same time and in the same room as a minor, our couples room in Lakewood must be specifically requested and is subject to availability. This room has two tables.
- ☐ I understand that the minor's privacy will be respected at all times. Proper draping techniques will be used during the massage.
- ☐ I understand that the minor has the right to request a modification to the massage or to end the session at any point. Their comfort and boundaries are our top priority.
- ☐ I understand that Renew Massage Studio's Minor Massage Policy is available for review by clients and their parents/guardians at any time on our website.
